- Settings>Safari>Clear History and Website Data

Passwords!!

- Settings>Safari>General-Passwords>

● **Individual Questions**

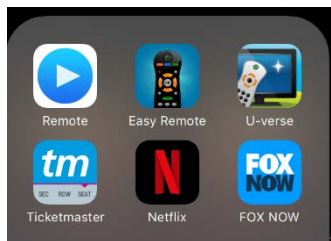

- How do I block calls? Phone>Recents>circled i>Block this Caller

- Earbuds? What to use?
- How do I set up hands-free calling in my car?
- How do I get rid of addresses in Maps app?
 - Launch the Maps app on your iPhone or iPad.
 - Tap in the search field.
 - Tap on Favorites.
 - Tap on Recents in the bottom navigation.
 - Tap on Clear in the upper left hand corner.
 - Tap on Clear All Recents in the popup menu.
- How do I set up my phone as a Wi-Fi Hot Spot?
- How do I download photos from my phone?
 - Go to My Computer/Windows Explorer on your laptop and in removable storage click on iPhone. Go to the DICM folder inside the internal storage and find your photos. Copy the pictures you want to transfer to laptop > Open the folder you created on desktop > Paste these photos in the folder.
- How can I use Siri?

Let's look at some of the millions of apps available for you.

- App Tracker  This one was the best but no longer available (that I can find)  so use one of these:
