Wanted Poster Directions

☐ Use Word Art to create the title, "Wanted".

☐ Double click on the title to see Format Drawing Tools.
   o Use some of the tools to change the color and shape of the title

☐ Insert Shapes. Choose the Oval.
   o Double click on the oval to get the change shape fill. Change it to NO FILL. Go to shape outline and change the weight of the line to 4 ½ pt.

☐ Insert picture from online or computer
   o Reformat the picture so that it fits inside the oval.
   o Double click on the picture and use the Smart Tools Design (I used the round portion)
   o Drag and resize until your picture fits better within the oval

☐ Insert Table below your picture use 2 x 6 (2 columns and 6 rows)
   o Merge the top two cells
   o Type title _____ is wanted for: and center it in the top cell that you merged
   o Type 4-5 things that that individual or thing is wanted for.
   o Get pictures to give an example of what he/she/it is wanted for (as close as you can)
   o Resize the pictures so that they fit into the cell and center each picture.
